FABIUS COP21 PRESIDENT SUCCEEDS IN MAKING SIGN THE AGREEMENT ON CLIMATE CHANGE

SUCCESSFUL MISSION FOR THE PLANET

Paris, Washington DC, 17.12.2015, 03:09 Time

USPA NEWS - "The Paris Agreement allows each delegation and group of countries to go back home with their heads held high. Our collective effort is worth more than the sum of our individual effort. Our responsibility to history is immense" said Laurent Fabius, President of COP 21 UN Climate change conference.

"The Paris Agreement allows each delegation and group of countries to go back home with their heads held high. Our collective effort is worth more than the sum of our individual effort. Our responsibility to history is immense" said Laurent Fabius, President of the COP 21 UN Climate change conference and French Foreign Minister.

DIPLOMACY AT THE SERVICE OF THE PLANET HAS LEAD TO A HISTORIC AGREEMENT AT THE COP21 ON CLIMATE CHANGE-----

It's been over a year since Laurent Fabius, French Minister of Foreign Affairs also president of COP21 has deployed both its energy and diplomatic skills to implement the 21 edition of the Conference of the Parties on climate change. After many failures of this great universal mass conference which brings together member states of the United Nations, under the auspices of the UNFCCC. Laurent Fabius has embarked on a huge challenge and risk in daring to organise such an event. The bet was both but dare risk affect because the current environment is particularly tragic for France, which has just gone through a period of difficult series of attacks (Terrorists Attacks of January, and more recently Charlie Black Friday of November 13 which terrorist attacks have caused the death of 196 dead. The global context was also particularly disorderly situations of migrants in spays conflicts to the gates of Europe, and especially from Syria. In parallel, the planet Earth itself meme has not been spared by the succession of disasters related to climate change particularly affected by the gas emissions greenhouse, whose temperatures increases have heated the atmosphere damaged level ozone naturally supposed to protect our planet. All these items are not discouraged reunited Laurent Fabius, who persevere to the end of the negotiations to reach agreement was a sign. The date of the COP21, has not been canceled as some rumours following the attacks of 13 November in view of the state emergency decreed in France ... On the contrary, it has strengthened the determination of Laurent Fabius and other members of his teams and leaders and organisers the UNFCCC. The march of 29 November, unauthorised state of emergency in these conditions was relayed by steps in the rest of the world, mainly by NGOs, including Greenpeace. The further the already good omen and state s, resulting in walkers millions in major cities around the world in solidarity with the people whose French host of the COP21, had the courage to maintain it. And that's good, given the historical result of the signing of the agreement that FOLLOWS, after 13 days of negotiations, day and night, at Le Bourget. Merci Fabius and the rest of the negotiators of UNFCCC and organisers for the planet's sake and the future of generations.

THE STRATEGY OF INVITING 150 HEADS OF STATE WAS RIGHT AND RESULTED IN THE HISTORIC DATE 12-12-2015-----

The omen was also very strong and memorable by the arrival of 150 heads of states and Kings, who came to Paris at the COP21, to launch the start of the conference on 30 November. This magistral orchestrated by the head of states venue, was both a formal course, but helped to highlight the importance of taking conscience of world leaders in certifying their will this time. They have actually shown the whole world that they care about the planet and become involved in the issue of global warming in order to use at their level of influence their weight on the negotiations that were to follow. It is in this sense that the diplomacy has played a key role to agree to both politicians, CEO's, leaders, NGOs, climate experts, scientists and other participants eminences of this henceforth historical COP21 for the planet. The world will remember in the future Pessimistic less than expected, this date of 12-12-2015. Hoping that the terms of the agreement will apply and will be respected by the signatory nations. For this, the next COP22 in Marrakech, Morocco, will be the imminent appointment of the first assessments of application of what was agreed at Paris last weekend. Salaheddine Mezouar, Moroccan Minister of Foreign Affairs and future President of the COP22 , also said he is optimistic about the first fruits of the implementation of the COP21.
